**CHANGING THE HEALTH OF ADOLESCENTS IMPACTING THE NATION REACTION
TRANSITIONAL HOUSING PROGRAM PLUS FISCAL COMPLIANCE ASSESSMENT**

The Department of Children and Family Services (DCFS) Contracts Administration Division (CAD) Contract Fiscal Compliance conducted a review of Changing the Health of Adolescents Impacting the Nation Reaction (the Contractor) in October 2014. The Contractor is a non-profit organization that is contracted with DCFS and the Probation Department to provide Transitional Housing Program Plus (THP-Plus) housing services to young adults, ages 18 to 24, who have exited from foster care.

SUMMARY

CAD conducted a Fiscal Compliance Assessment, which included an agency-wide review of the Contractor's financial records such as financial statements, bank statements, check register, and personnel files to determine the Contractor's compliance with the terms, conditions, and requirements of the Transitional Housing Program-Plus (THP-Plus) contract, the Auditor-Controller Contract Accounting and Administration Handbook (A-C Handbook) and other applicable federal, State, and County regulations and guidelines.

The Contractor was in full compliance with 1 of 5 areas of the Fiscal Compliance Assessment: Loans, Advances and Investments.

CAD identified deficiencies in the areas of Financial Overview, related to a net asset deficit of \$27,228 and \$29,589 in a loss from operations for the fiscal year ending December 31, 2012, semi-annual expenditure reports that were submitted late for the period that ended on June 30, 2014, an unfiled payroll tax return for the quarter that ended March 31, 2014, and delinquent payroll taxes for the quarters that ended June 30, 2014 and September 30, 2014, totaling \$1,766.80; Board of Directors and Business Influence, related to a less-than-arms-length (related party transaction) auto lease; Cash/Expenditures, related to inadequate internal control over disbursement procedures, outstanding items on the bank reconciliation report not resolved timely and incomplete inventory list

"To Enrich Lives Through Effective and Caring Service"

of fixed assets; and Payroll and Personnel, related to personnel files that did not include a job description.

Attached are the details of our review.

**CHANGING THE HEALTH OF ADOLESCENTS IMPACTING THE NATION REACTION
FISCAL COMPLIANCE ASSESSMENT REVIEW
FISCAL YEAR 2014 – 2015**

SCOPE OF REVIEW

The Fiscal Compliance Assessment included a review of Changing the Health of Adolescents Impacting the Nation Reaction's (the Contractor) financial records for the period of January 1, 2012 through August 31, 2014. CAD reviewed the financial statements, bank statements, check register, and personnel files to determine the Contractor's compliance with the terms, conditions, and requirements of the Transitional Housing Program Plus for Emancipated Foster Probation Youth (THP-Plus) contract with the Department of Children and Family Services (DCFS), the Auditor-Controller Contract Accounting and Administration Handbook (A-C Handbook) and other applicable federal, State, and County regulations and guidelines.

The Fiscal Compliance Assessment review focused on five key areas of internal controls:

- Financial Overview,
- Loans, Advances and Investments,
- Board of Directors and Business Influence,
- Cash/Expenditures, and
- Payroll and Personnel.

The Contractor was in full compliance with 1 of 5 areas of the Fiscal Compliance Assessment: Loans, Advances and Investments.

FISCAL COMPLIANCE

CAD found the following areas out of compliance:

Financial Overview

- Audited Financial Statement for the period that ended December 31, 2012 indicated a net asset deficit in the amount of \$27,228 and loss from operations in the amount of \$29,589.

The Chief Executive Officer (CEO) will review the contract's annual budget on a quarterly basis to ensure their contract expenses are allocated appropriately and funds are available. The Contractor will operate based on the minimum of amount of program participants to ensure the expenses can be paid in the event revenue is less than expected. The CEO will work with its Accounting staff to review expenses and decrease its spending within 30 days of discovery. The line-item budget will be adjusted accordingly by the CEO and reviewed by the Board of Directors for approval.

- The semi-annual expenditure report for the period ended June 30, 2014 was submitted late. The report was due on September 1, 2014 and was not submitted until October 22, 2014.

The CEO will ensure the semi-annual expenditure report will be submitted on or before the due date.

- Unfiled tax return for the quarter that ended March 31, 2014, and delinquent payroll tax liabilities for quarters that ended June 30, 2014 and September 30, 2014, totaled \$1,766.80.

The Contractor applied for a penalty abatement based on compliance with the required tax forms. The Internal Revenue Service (IRS) representative will review the payments to ensure all payments for the Contractor have been paid in full. CAD-Fiscal will follow up to obtain the results of this request.

Effective March 1, 2015, the Contractor accountant stated that it will pay the payroll taxes directly during the payroll periods to ensure paying tax liabilities as they become due.

Recommendations:

The Contractor's management shall ensure that:

1. It develops and implements a plan to eliminate the net assets deficit and loss from operations and prevent future net asset deficit and loss from operations.
2. Semi-annual expenditure reports are submitted timely.
3. A plan is developed and submitted to DCFS demonstrating how the Contractor will repay its past due liabilities to the IRS and payroll tax returns are filed and paid when due.

Board of Directors and Business Influence

- A less-than-arms-length (related party transaction) auto lease.

In 2011, the Contractor entered into an auto lease agreement from the CEO for a 2001 vehicle at \$200 per month plus repair and maintenance costs. CAD was unable to determine if this related party transaction is at the lesser of an actual cost or if this was within a reasonable cost for the Contractor.

After CAD raised these concerns, the Contractor decided to discontinue the vehicle lease effective January 1, 2015. The Contractor is not in a financial position to purchase a vehicle. The Contractor will pay its employees mileage reimbursement based on the current standard mileage rates as per IRS.

Recommendation:

The Contractor's management shall ensure that:

4. All related party transactions are at the lesser of an actual cost or are within a reasonable cost.

Cash/Expenditures

- Checks are payable to the check signer for payroll, auto lease expense and reimbursements. All cancelled checks bear only the CEO's signature.

When the payee is also the check signer, the disbursement shall be reviewed and approved by a Board Member, who shall also sign the check. Effective November 20, 2014, a member of the Board of Directors was appointed as the additional check signer for checks written to the CEO.

- The Contractor did not follow-up on outstanding items on the bank reconciliation report. One check on the bank reconciliation report remains outstanding for longer than six months.

The CEO will review the bank reconciliation for accuracy with its accounting staff. The CEO will research outstanding items within 30 days of conducting bank reconciliations.

- 1 of 7 credit card expenditures reviewed did not have any supporting documentation.

Effective March 1, 2015, the Contractor will submit all receipts within one business day to the CEO. The CEO will log the receipt in the electronic database or expense form within five business days and place the original receipt or invoice in the designated file folder.

- The inventory list of fixed assets did not include item serial number(s) (if applicable), date(s) of purchase, and acquisition cost(s).

As a result of this Fiscal Compliance Assessment, the Contractor has been reviewing the current fixed assets in the office and in its apartments. Effective March 1, 2015, the CEO will work with their Property Management to research the appropriate information for purchases made prior to December 31, 2014.

A new protocol will be established requiring that all new purchases have a sticker affixed with an assigned number, which will be documented on the revised fixed assets list. In addition, the purchase date, acquisition cost and funding sources will be included on the fixed inventory asset list.

Recommendations:

The Contractor's management shall ensure that:

5. A second signature is required on checks payable to the check signer.
6. The reconciliation of items on bank reconciliation reports is resolved timely.
7. Sufficient documentation is maintained for all expenditures.
8. The inventory list of fixed assets includes the item description, serial number, date of purchase, acquisition cost and funding source.

Payroll and Personnel

- Personnel files reviewed did not include job description.

Effective February 1, 2015, all employee job descriptions that are included on the approved Plan of Operation will be copied and placed into the employee's personnel records.

Recommendation:

The Contractor's management shall ensure that:

9. Personnel files include the employee job description.

MOST RECENT FISCAL REVIEW CONDUCTED BY THE AUDITOR-CONTROLLER

A fiscal review of the Contractor has not been conducted by the Auditor-Controller.
